The application has been amended as follows: Claims 31-35 are cancelled.

The following is an examiner's statement of reasons for allowance: None of the prior art of record teaches an exposure method or a device manufacturing method comprising the step of recognizing the type of discharge lamp based on detecting a pressure of a gas which is supplied in a passageway provided with a holder for mounting the discharge lamp in combination with automatically setting at least one of optical conditions based upon the recognition made.

None of the prior art of record teaches or discloses a discharge lamp used as a light source of an exposure apparatus comprising a shape capable of being recognized by a sensor when the discharge lamp is used in the exposure apparatus in combination with a sensor for recognizing the type of discharge lamp mounted in the holder.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
